

PROTECT YOURSELF. PROTECT YOUR HOME.

A simple checklist for comparing contractors after a storm

NO MATTER WHO YOU CHOOSE, VERIFY BEFORE YOU SIGN.

Use this side-by-side checklist to compare credentials, experience and homeowner protections.

WHAT TO VERIFY	SHIELD	CONTRACTOR 2	CONTRACTOR 3
Permanent office & established contact information Physical office, current website, local/regional phone number and recent reviews	✓	☐	☐
Provincial Prepaid Contractor Licence Verify the contractor is properly licensed where prepaid contracting rules apply	✓	☐	☐
Current municipal business licence Confirm the contractor is licensed to operate in the community where the work will be completed	✓	☐	☐
BBB membership A+ rating Check current accreditation, rating and complaint history	✓	☐	☐
Active WCB & liability insurance Ask for current proof of coverage	✓	☐	☐
Written workmanship warranty (Minimum 10 Years) Compare the length, coverage and terms - not just the headline	✓	☐	☐
Qualified hail-damage estimators / inspectors Ask who will inspect the property and document storm damage	✓	☐	☐
References & completed-project history Look for completed work, project galleries and credible customer feedback	✓	☐	☐
Experience with major weather events & insurance restoration Ask about experience coordinating multi-trade storm repairs	✓	☐	☐
Years in business Established history can help demonstrate long-term accountability	✓	☐	☐
